BVC COLLEGE OF ENGINEERING,

(Recognized By Aicte, New Delhi, Affiliated by JNTUK)

PALACHARLA-533102.

PH NO: 9849137172

Website: <http://bvcce.org>

About the college:

BVC college of engineering founded by late sri bonam venkata chalamayya is one amongst the foremost important engineering colleges in the state of Andhra Pradesh committed to impart value added technical education to the student community. the campus is located in the heart of Rajahmundry, 10 km off the airport .this institution is established in the year 2009 with a sprawling 35 acres land surrounded by exhaling nature , away from the din of crowded habitation.

A pleasant calm environment and serene ambience is conducive for the study of professional courses and personality development. The institute is having 150 experienced faculty, 120 administrative and other staff with 4 auditoriums,5 conference halls and 2 indoor auditoriums.

This institution offering 4 UG programmer's in engineering with 420 intake , 2 PG programmer's in M.Tech & 3 diploma programmer's.

About the department:

The electrical and electronics engineering department offers UG with intake 60 no's .the department has well talented ,qualified experienced & dynamic faculty along with

skilled technical supporting staff who spearhead the process of achieving the vision of the departments. The department has IIT & MIT video lectures, and internet leased speed of 10mbps, digital library IEEE e- journals and well equipped labs & infrastructure .many of our students technical papers have been published in various national & international technical symposiums. a good number of students are being placed through campus placements core MNC companies every year.

Objective:

This Workshop has the objective of highlighting the problems of emerging technologies in electrical and electronics engineering, this Workshop will provide platform to exchange the knowledge in these thrust area together with other electrical disciplines .

Electrical & Electronics Engineering:

- Energy systems
- Electromagnetic compatibility
- High voltage and insulation technology
- Power systems
- Power electronics drives
- HVDC
